

## Press Release

KOREA, SEOUL, APRIL 6, 2021

### **ITALIAN SOLAR INVERTER MANUFACTURER FIMER TO SHOWCASE SOLUTIONS AT INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2021**

**Following its official transition from the ABB solar inverter business in 2020, FIMER is set to make its inaugural participation at the International Green Energy Expo & Conference 2021, widely known as Korea's largest exhibition on renewable technologies.**

The world's 4<sup>th</sup> largest manufacturer of solar inverters will be showcasing its solutions with a focus on the commercial & industrial (C&I) and utility-scale segments.

Said FIMER Korea Country Manager Jun-Beom An: "FIMER's solar inverters are designed and manufactured in Italy, offering Korean businesses and large scale providers high quality solutions for all their solar needs. As we debut our brand and solutions at the International Green Energy Expo and Conference, we look forward to meeting new and existing customers."

Visitors can expect to get a preview of FIMER's PVS-10/33-TL, as well as experience 'live' demos of FIMER's PVS-175-TL, TRIO-TM-50.0/60.0 and e-mobility solutions at the event. FIMER will be located at booth no. K-200 and visitors can book a meeting with FIMER consultants here.

#### **About FIMER**

**FIMER** is the fourth largest solar inverter supplier in the world. Specializing in solar inverters and mobility systems, it has over 1100 employees worldwide and offers a comprehensive solar solutions portfolio across all applications. FIMER's skills are further strengthened by its bold and agile approach that sees it consistently invest in R&D. With a presence in 26 countries together with local training centers and manufacturing hubs, FIMER remains close to its customers and the ever-evolving dynamics of the energy industry.
